## Standard

Our General English course covers the four key skills: Reading, Writing, Speaking and Listening. Our teachers provide learner support for students of all levels. Whether you are a beginner or are well on your way to proficiency, these programmes will give you what you need to go further.

## Intensive

The Intensive programmes suit students who need to get more study into a shorter period of time or who want to dedicate every weekday to studying. This course includes highly-focused skills classes on key skill areas such as pronunciation, grammar and vocabulary.

## Part-time

We know that some students have busy lives that simply don't allow them the time to enrol for full-time programmes of study. Many of our English students at the college are working full time or are undertaking other education.
