HIGHER NATIONAL DIPLOMA (HND) IN ENGINEERING

Become a mechanical or electrical/electronic engineer by achieving our internationally recognized engineering qualification. A Higher national Diploma (HND) in Engineering, **equivalent to the first 2 years of university**, equips students with the core knowledge, skills and techniques to start a successful career in the engineering field.

This qualification offers a balance with the learners' professional responsibilities and academic achievement. **Offering flexibility to students and working professionals who are interested in extending their skills in mechanical or electrical/electronic engineering.**

CAREER PROGRESSION

Duration:
24 months

Tuition Fees:
AED 45,000
(Per Year)
